SUBJECT: New Afghanistan Map Series

1. I am enclosing an advance copy of the first printed map in our seven-map Landsat series on Afghanistan and the Northwest Frontier province of Pakistan. 2. Final editions of this map will have an extensive gazetteer printed on the back. The gazetteer will include two alphabetized lists of names - English to Dari and Dari to English. We would be unable to fill the DO's request for Dari names on the face of the map and in the gazetteer without [redacted] expert help. We sincerely appreciate his efforts and your interest in this important project.
